What is MeetToMatch?

MeetToMatch is a B2B event platform that you can use to plan meetings with other participants, plan sessions, and to explore products and services.

This premium event networking service is aimed at meeting potential business partners by choice rather than chance, and for you to have an optimal event experience.

Imagine a day of pre-planned online meetings and sessions, where you meet many potential new business partners in video conferencing calls, get inspired by interesting sessions and can browse through the products and services of the other attendees.

How does MeetToMatch work?

Use the online MeetToMatch platform to browse through the attendees, sessions and products, to manage your schedule, and to plan your meetings.

MeetToMatch offers a thoroughly tested, easy to use platform that directly links meeting partners to a video conferencing tool, no hassle with switching between platforms, taking different time zones into account and providing meeting links to your meeting partners, MeetToMatch does this for you.

You can join any confirmed meeting with a click of the button, share your screen and pitch!

Join any planned session with a simple click as well.

I have a question about MeetToMatch

More information can be found on the MeetToMatch website: <http://www.meettomatch.com/faq/> or you can send an email to info@meettomatch.com
